

Specialty Products Group would like to invite you to Lunch  
and hear about the....

## ***Benefits of Ultra Low Permeability Concrete in the Building Envelope & Beyond***

Vapor Lock is the state-of-the-art integral concrete admixture and  
topics include, but not limited to:

- ⚙️ Bridging the gap between Division 03 - Concrete and Division 09 -  
Finishes, Coatings & Flooring with the *Industry's Best* proven and  
established warranted (10 Year *Plus*) and most substantial 3<sup>rd</sup> party  
insurance (\$15 Million, per project, non-aggregate) program.
- ⚙️ The strongest **Value Engineering** Proposition available - changing concrete  
permeability from the 20 - 200 US Perm level down to the 0.02 US Perm  
level. Allowing for the reduction or outright elimination of conventional  
sheet and fluid applied water/damp proofing membranes.
- ⚙️ The Industry's only dual action Corrosion Inhibiting Concrete Admixture  
that addresses both the Initiation & Propagation phases of steel corrosion,  
the massive costs involved and the ability of designers to move towards  
doubling the Life Cycle of their structural concrete designs. The highest  
LEED and Sustainability proposal available today.

Presentation is presented by an industry professional; currently active in the Southern California  
and Western US. Jim Kaylor currently sits on numerous National ACI, ASTM C09, D08, & G01  
committees. He is an active member in numerous associations.

Breakfast or Lunch is professionally catered.

**Benefits of Ultra Low Permeability Concrete in the Building Envelope & Beyond**

is presented by Jim Kaylor. Jim is a 30-year plus veteran of the Building Industry in the Western United States. Jim sits on various ACI National and ASTM committees directly related to the direction and leadership of the Integral Concrete Admixture marketplace. He takes the synergies evolving in the engineering and waterproofing communities and relays their messages with real-world systems to both the Design and Constructors universe - all under the **Better, Faster & Less Expensive** mantra. Able to span the ready-mix producers interests and knowledge with the best interest of owners and agencies in the most professional fashion. Jim is a common face with all the following organizations...
