RE: Taylor adhesive compatibility with ISE Logik MVRA 900 Admixture

David,

We have conducted extensive bond testing with our carpet, resilient and wood flooring adhesives over slabs treated with the ISE Logik MVRA 900 Admixture. All the adhesives tested bond well to the treated slabs. We confidently recommend and warrant our solvent-free adhesives over the ISE Logik MVRA 900 Admixture. Please contact me with any questions.

Regards,
